

**In light of COVID-19, WREC is taking extra precautions to protect our patients and staff. We are still seeing patients but have additional guidelines in place regarding scheduling. Please review the following to determine whether you should make/keep an appointment at WREC:**

**\*First and foremost: if you are sick, please STAY HOME.**

**\*If you have the following RISK FACTORS, please consider rescheduling your appointment to a later date for your safety:**

- Over the age of 65
- Lung disease
- Heart disease
- Immunocompromised
- Taking medications that suppress the immune system

**\*If you, or someone you've been in contact with have the following SYMPTOMS, please RESCHEDULE your appointment:**

- Fever
- Shortness of breath/breathing difficulties
- Cough
- Cold or flu symptoms

**\*If you or anyone in your household has traveled at any time during the last 14-21 days to anywhere COVID-19 has been identified as particularly concentrated, please RESCHEDULE your appointment to a later date.**

**\*If you have NO risk factors for COVID-19, NO symptoms listed above, and have NOT recently traveled to a destination where COVID-19 is particularly concentrated-please feel free to KEEP your appointment knowing that we are doing everything we can to keep WREC a safe and clean environment for our patients and staff.**

**\*\*\* If you have an urgent ophthalmic problem and have symptoms of respiratory illness and/or fever, please consult with your PCP as we do not have the personal protective equipment required to see sick patients. \*\*\***

**Please do not bring additional people inside the building with you to your appointment. We will continue to keep you updated with any changes to scheduling requirements. Thank you for your understanding as we strive to do our best to keep our patients and staff healthy, as well as comply with national and state guidelines.**
